NARRATIVE REPORT PERIOD COVERED:

JANUARY 1 JANUARY 31 2022

CONTENT:

NARRATIVE REPORT FOR DECEMBER
2/C AGUILAR, CARL KENNETH A.

First Month of the year 2022, time flies so fast. First time celebrating new year onboard, at manila anchorage. One of our wishes came true to celebrate new year at manila anchorage, it's quiet funny but everyone tells and hoping to celebrate new year at anchorage. It just perfect timing at exact 31st of december we finish our last voyage at manila. Everyone help and prepare foods before new year's eve start. We're all having a good time and dance all night away even were far away home.

Jan 2, 2022 after new year we take off and discharge all of cargoes and back again for anchorage to wait cargoes to be loaded before our new voyage starts. We scheduled by at jan 7, 2022 to berth and docked manila north harbor. Same route like our last voyage cebu, cagayan, iloilo & bacolod.

This year start i learn how to operate crane every port, our bosun teach me how to operate, reset and start crane. Always the same routine assist captain all of his paperworks. Assist the pilot docking here in manila. And make a report of stowage plan every port destination we've come along.

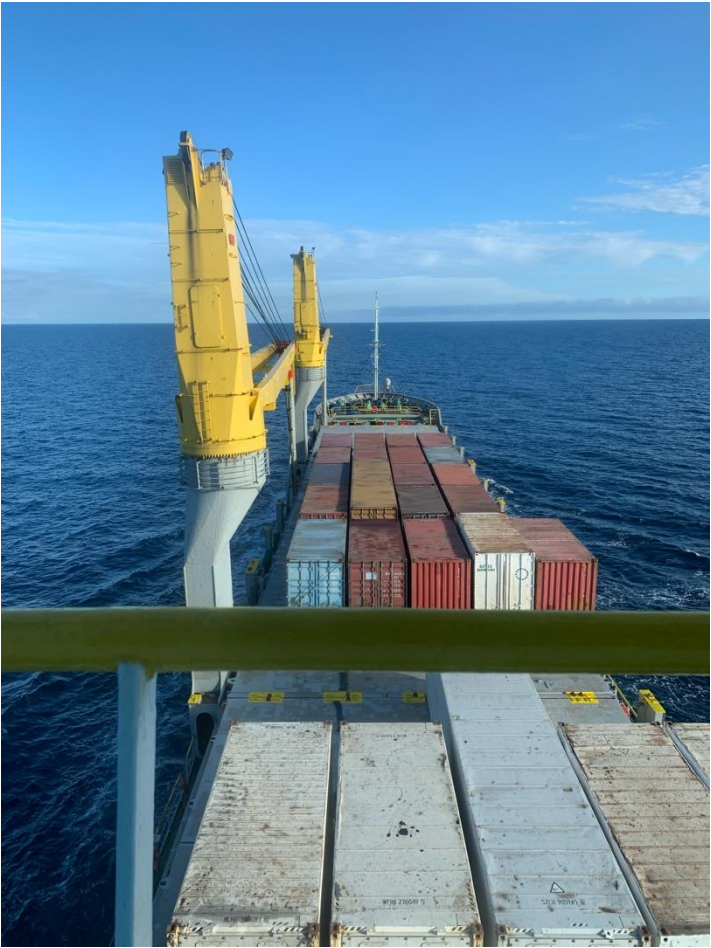

Some crew's disembarked and new crews join. New people and new faces and friends. I also assist how to operate ECDIS on computer before our 2nd mate disembark and turn over to the new 2nd officer. And before january ends we have a new vessel schedule that will took us to a new location and port. That's all for this month for january.
